OUR COUNTRY AND HER FLAG.

BY DR. FRANCIS LIEBER.

We do not hate our enemy;
May God deal gently with us all!
We love our land; we fight her fee;
We hate his cause; and that must fall! Our Country! O: that goodly land! Our noble country, whole and hale! We love her, live for her, or die; To fall for her is not to fail.

Our Flag! the Red denotes the blood
We gligly pledge. The snowy White
Means purity and solemn truth,
Unsulied justice, sacred right.

Its Blue, the sea we love to plough,
That laves the Heaver-United Land,
Between the old and older world.
Trom strand, ever mount and steam, to The Blue reflects the erowded stars-

Our fathers come and planted fields;
And manly loy, and schools and truth.
They planted Selt-Rule—we will guard
By word and sword, in age and youth.

Then sing and shout for our free land,

EXECUTIVE DEPARTMENT,
Providence, July, 5, 1862.

A PROCLAMATION.

CHIERRS OF RHODE ISLAND:—In the present crisis of our national affairs, no good Union-loving citizen can look upon passing events with apathy and indifference. We are confronted by a bold, unsorpupulous and unprincipled assumy in the field, in great strength, who, with almost barbarian ferocity, makes war on our Government and our institutions; who would destroy our liberties, and reduce us to the condition of seeds of a military despotism. To traumph at once over this lawless horde of rebels, and to restore peace and prosperity to our now distracted country, the Government absolutely requires an argumentation of our military force. RHODE ISLANDERS! you will residily and joyfully respond to this call, the tought too great to be offered on the altar of our country. Let no connideration stand between us and the duty we owe to our country. Let no sacrifice be thought too great to be offered on the altar of our country. Carry out the good work you have to uothly begun, and so nobly presecuted; and by all means, let us give to the great and glorious cause all the sid the exigencies demand. More troops are wanted. Let them hes formanded to the wants which, at any moment the wants, which, at any moment.

THE SICK AND WOUNDED .- A visit to the Grove on Saturday afternoon, enabled us to lovestigate again the state of things there, and we are glad to be enabled to say that matters are gradually assuming a better condition. We do not risit the Grove or eny other place, for the purpose of discovering all that we can find to censure, but to praise. And certainly it is always a more grateful duty, to any really kind bearted percon, to praise rather than to condemn. Built we endeavor, according to the best of our judgement, to always do justice, and if it is clearly, our duty to blame, we do so, nor do we allow an opportunity to pass of bestowing praise, with out doing so. There are difficulties at tending the care of the sick and wounded both in the hospitals and on the field, especially where they are to be taken in harge in such large numbers, and provided for in the hurry and confusion of a war live ours, still we do maintain that there is a rest difference in the qualifications of

among so much human misery, this could not be a solitary instance." NURSES AND PHYSICIANS. SURSES AND PHYSICIANS.

Some of the Nurses on the ground are well qualified for their places. The two ladges employed by the Sacitary Commission, and Mr. Wood of Wood of Newport we know are the right ones in the right places. But many are not possessed of the qualifications requisite to make those under their charge comfortable. Several ladies, well qualified as nurses, are willing to give their services daily, if their fare could be paid up from Newport.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it so and sike you its excurse
and causing it to curl readily.

The great celebrity and the increasing demand for this unconsisted preparation, convince the pregated that one trial is only
preparaty to satisfy a dissersing public of
its species qualities over any other preparation at present in use. It cleanes the head
and scalp from dandruf and other cutaneous
diseases, causes the hair to grow fururiantly,
and gives it a rich, soft, glossy and facible
spearance; and also where the hair is loosening and thinning, it will give strength and
vigor to the mons, and restore the growth to
those parts which have become hald, causing
it to yield a fresh covering of hair.

There are hundreds of ladies and genifemen in New York who have had their hair
restored by the use of this invigorator, when
in his present the safety form turning gray until the
lattest period of life; and in cases where the
lattest period of life; and in cases where the
hair has already changed its color, the use of
the Invigorator will with certainty restore
it to its original bue, giving it a dark glossyspearance. As a performe for the collet and
a flair Restorative it is particularly recommended, having an agreeable fragrance; and
the great lacilities it affords the casing the
